

Gnomes stay in the "Gnome Forest" at de Bosschuur

COME VISIT THE GNOME FOREST DURING AUTUMN HOLIDAY!

You can visit the forest and look for the gnomes. You can enter the gnome world through the big mushroom. You follow the gnome path and find their beautiful houses. You can see where they play and where they work! On the path you will come across Little Miss Hedgehog. How exciting! What story will she tell?

At the Bosschuur you can enjoy a nice drink. There also is coffee and tea for the grown-ups and the fire is burning when it's cold outside.

There's a lot to experience in the Gnome Forest! Also...you can play in the "Play Forest" with water, sand, building huts, climbing etc. So come and visit the gnomes. Bring along your father, your mother, your brother or sister, or your grandfather or grandmother!
